A Heavy Load to Carry.

Along with dyspepsia comes nervousness and general ill-health. Why? Because a disordered stomach does not permit the food to be properly digested, and its products assimilated by the system. The blood is charged with poisons which come from this disordered digestion, and in turn the nerves are not fed on good, red blood, and we see symptoms of nervousness, sleeplessness and general breakdown. It is not head work, nor over physical exertion that does it, but poor stomach work. With poor, thin blood the body is not protected against the attack of germs of grip, bronchitis and consumption. Fortify the body at once with Dr. Pierce's Golden Medical Discovery—a rare combination of native medicinal roots without a particle of alcohol or dangerous habit-forming drugs.

A little book of extracts, from prominent medical authorities extolling every ingredient contained in Dr. Pierce's Golden Medical Discovery will be mailed *free* to any address on request by postal card or letter. Address Dr. R. V. Pierce, Buffalo, N. Y.

Many years of active practice convinced Dr. Pierce of the value of many native roots as medicinal agents and he went to great expense, both in time and in money, to perfect his own peculiar processes for rendering them both efficient and safe for tonic, alterative and rebuilding agents.

The enormous popularity of "Golden Medical Discovery" is due both to its scientific compounding and to the actual medicinal value of its ingredients. The publication of the *names of the ingredients* on the wrapper of every bottle sold, gives full assurance of its non-alcoholic character and removes all objection to the use of an unknown or secret remedy. It is not a patent medicine nor a secret one either. This fact puts it *in a class all by itself*, bearing as it does upon every bottle wrapper The Badge of Honesty, in the full list of its ingredients.

The "Golden Medical Discovery" cures, weak stomach, indigestion, or dyspepsia, torpid liver and biliousness, ulceration of stomach and bowles and all catarrhal affections no matter what parts or organs may be affected with it. Dr. Pierce's Pleasant Pellets are the original little liver pills, first put up 40 years ago. They regulate and invigorate stomach, liver and bowels. Much imitated but never equaled. Sugar-coated and easy to take as candy. One to three a dose.

YOUR HAT

May Be a Stylish One, But It Makes Trouble.

A man usually buys a hat that's "in style," but the modern hat for men has lots to answer for.

Baldheads are growing more numerous every day. Hats make excellent breeding places for the parasitic germs which sap the life from the roots of the hair.

When your hair begins to fall out and your scalp is full of Dandruff it is a sure sign that these countless germs are busily at work.

There is but one way to overcome the trouble and kill the germs—that way is to apply Newbro's Herpicide to the scalp—it will kill the germs and healthy hair is sure to result.

Sold by leading druggists. Send 10c. in stamps for sample to The Herpicide Co., Detroit, Mich.

Two sizes—50 cents and $1.00.

Rheumatism

I have found a tried and tested cure for Rheumatism! Not a remedy that will straighten the distorted limbs of chronic cripples, nor turn bony growths back to flesh again. That is impossible. But I can now surely kill the pains and pangs of this deplorable disease.

In Germany—with a Chemist in the City of Darmstadt—I found the last ingredient with which Dr. Shoop's Rheumatic Remedy was made a perfected, dependable prescription. Without that last ingredient, I successfully treated many, many cases of Rheumatism; but now, at last, it uniformly cures all curable cases of this heretofore dreaded disease. Those sand-like granular oxides, found in Rheumatic Blood, seem to dissolve and pass away under the action of this remedy as freely as does sugar when added to pure water. And then, when dissolved, those poisonous wastes freely pass from the system, and the cause of Rheumatism is gone forever. There is now no real need—no actual excuse to suffer longer without help. We sell, and in confidence recommend

Important Evidence in Thaw Case.

Harry Thaw went to the Madison Square Theater in New York prepared to kill Stanford White on the night of Christmas Eve, 1903, and was prevented only by the sagacious interference of one of his own private detectives. This is an important link in the chain of evidence against Harry Thaw to be used against him in his second trial for the murder of Stanford White. This has been furnished by John Heitman and James Kennedy, two detectives who were with Thaw on the night of the 24th of December, 1903. Both these men have made affidavits, now in the possession of Assistant District Attorney Garvan, in which they tell in detail of the events of the night on which Harry Thaw finally won Evelyn Nesbit back after her desertion following his ill treatment of her in Europe.

"All I want you to do," Thaw said to the two men with him, "is to look after any friends of White who may be about. I'll take care of that red-headed ——— myself."

Thaw was armed that night and prepared to kill Stanford White had there been any clash over Evelyn Nesbit, who was then playing at the Madison Square Theater, in "The Girl from Dixie." He met and passed White several times in the narrow passage leading from the stage door to the dressing rooms, but the two men did not speak to each other, and Thaw was finally induced to leave the theatre when his actions caused Heitman and Kennedy to fear that he was likely to draw on White and shoot him there in the theatre. He was taken across the street on a baseless errand, and before he returned White had departed in his touring car.

It is now believed that it was through fear of the effect of this testimony that Thaw's lawyers introduced the evidence of the electrician, Bowman, who testified that White had threatened to kill Thaw in the same place on the same night.

To Fight the President.

A dispatch from Chicago says that a local organization of 50,000 "undesirable citizens," is announced to have been formed by G. T. Franckel, national organizer of the Moyer-Haywood-Pettibone Association of Labor Unions. The membership is local, but promoters of the organization expect to establish branches everywhere and use the entire organization during the approaching presidential campaign to defeat President Roosevelt's renomination, if possible, or his re-election if he is nominated. The association has issued a call for a "protest" meeting, to be held in Chicago on May 19.

The avowed purpose of the organizers is first to secure "fair play" for the miners awaiting trial in Idaho for the alleged murder of ex-Governor Steunenberg. They will invite the following speakers to address the meeting and present the adverse side of the case: President Roosevelt, Eugene V. Debs, Clarence Darrow, counsel for the miners; John Mitchell, president of the United Mineworkers of America, and Samuel Gompers, president of the American Federation of Labor. "Undesirable citizens" will be requested to wear buttons and actively participate in the election. All "reformers" and political agitators and theorists are eligible to membership.

Mayor Schmitz Desires to Confess.

Through trusted representatives within the last few days, Mayor Schmitz, of San Francisco, has made a proposal to the graft prosecutors, which is now under consideration. The mayor's proposition may be accepted at any moment, but last night Rudolph Spreckels, who is backing the prosecutions, declared himself against giving the indicted official any of the immunity balm he craves. Assistant District Attorney Francis J. Heney is understood to take a similar position.

This was what Schmitz offered to do; Resign the office of mayor of San Francisco; make a full confession to the grand jury of his knowledge of municipal graft and join the ranks of the reformers.

There is undoubtedly much that Mayor Schmitz could tell the graft prosecutors which they would be delighted to learn.

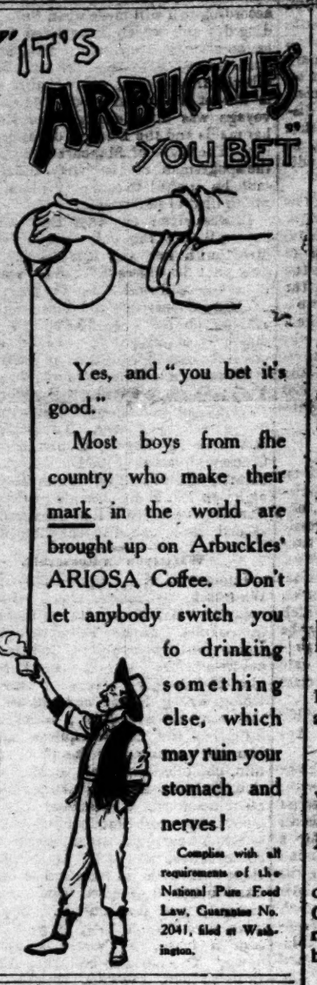
"As far as I am concerned, you may say that I am not in favor of granting any immunity to Mayor Schmitz," declared Mr. Spreckels.

Prosecutor Heney was somewhat evasive in his answer to a direct question as to whether he will extend immunity to Mayor Schmitz. He said:

"I will tell no one whether immunity will be granted to Mayor Schmitz, except the mayor himself. In my position as prosecutor I cannot do otherwise."

The News—No Pure Drug Cough Cure Laws would be needed, if all Cough Cures were like Dr. Shoop's Cough Cure is—and has been for 20 years. The National Law now requires that if any poison enter into a cough mixture, it must be printed on the label or package.

For this reason mothers, and others, should insist on having Dr. Shoop's Cough Cure. No poison marks on Dr. Shoop's labels—and none in the medicine, else it must by law be on the label. And it's not only safe, but it is said to be by those that know it best, a truly remarkable cough remedy. Take no chance, particularly with your children. Insist on having Dr. Shoop's Cough Cure. Compare carefully the Dr. Shoop package with others and see. No poison marks there! You can always be on the safe side by demanding Dr. Shoop's Cough Cure. Simply refuse to accept any other. Sold by E. S Leadbeater & Sons, druggists.



Yes, and "you bet it's good."

Tornado in Texas.

One village is totally destroyed, extensive damage done to property and crops at other points, and eight lives are known to have been lost as the result of a storm, which was general over Texas last Saturday, and which at several points assumed the proportions of a tornado, according to meagre reports received at Fort Worth.

The little village of Hemming, in Cook county, was almost wiped out, and five persons are known to have been killed at that point. Both telephone and telegraph communication with that point is interrupted.

The path of the tornado was 500 feet wide, but it traveled a great distance.

At Valley View, a number of houses were blown down, and a pioneer settler was killed in his home, which was destroyed. Two other men were killed in the same neighborhood.

At Sulphur Springs, hail banked in drifts two feet deep and stalled trains.

At Celeste, a big cotton mill was blown down, but no one was hurt.

The fruit crop in the neighborhood of Sulphur Springs was destroyed and cotton and corn were beaten to the ground.

His Dear Old Mother.

"My dear old mother, who is now eighty-three years old, thrives on Electric Bitters," writes W. B. Brunson, of Dublin, Ga. "She has taken them for about two years and enjoys an excellent appetite, feels strong and sleeps well." That's the way Electric Bitters affect the aged, and the same happy results follow in all cases of female weakness and general debility. Weak, puny children too, are greatly strengthened by them. Guaranteed also for stomach, liver and kidney troubles, by E. S. Leadbeater & Sons, druggists. 50c.

Alexandria Gazette
SIC SEMPER TYRANNIS
AND VIRGINIA ADVERTISER

MONDAY EVENING, APRIL 29, 1907.

THE government has won another victory from the army of monopolies under the Sherman anti-trust act. This time the fallen foe is the drug trust, known as the "National Association of Retail Druggists, et al." A tentative agreement of surrender was made at Indianapolis, Saturday between federal counsel and representatives of all but nine of the ninety-two defendants mentioned in the complaint. The proceeding has been popularly known as the "Drug Trust Case." In a general way, the agreement provides for an injunction against the defendants which will restrain them from the alleged acts complained of in the bill of complaint. It was alleged that they had entered into a conspiracy in restraint of trade and commerce in violation of the Sherman law. Various allegations were made against each of the defendant organizations named as being a part of a general scheme against those who were not members of the associations or would not abide by the alleged methods of the associations. The agreement is a complete victory for the government, the defendant simply saving the cost of further litigation. The defendants named in the suit were the National Association of Retail Druggists, the National Wholesale Druggists' Association, the Tripartite Proprietors, the blacklist manufacturers, the Wholesale Contract Proprietors and the Direct Contract Proprietors, together with the officers, agents and members of these various associations. The time set for beginning the taking of testimony in the case is May 7, and those defendants who have at that time failed to join in the agreement will be proceeded against. It is related that the nine defendants who have failed to join are not members of any special association, but are scattered throughout the defendants' organizations.

PRAISE OF the aims and accomplishments of the republican party and denunciation of the democratic party was [illegible] Attorney General Bonaparte's address at the dinner of the French-American Republican Club in Boston Saturday night. He declared that the democracy always has been ready to profess any doctrine, however incongruous or distasteful, to gain votes, and never has had enough conscience or enough honesty to learn, even from repeated experience, that a party ready to do or say anything to win can never win the respect and confidence of the American people. On the other hand, the republican party had brought real prosperity to the country, had fostered it and would continue it if given the opportunity. He spoke in words of highest praise of the course taken by President Roosevelt in his attitude toward the great combinations of capital, and referred to Secretary of War Taft as "a man to whose character, abilities and public service only history will do full justice, although I hope and believe they are appreciated and will be recognized by his countrymen." Mr. Bonaparte is the softest cuckoo in the Cabinet and doesn't know his soul is his own when Mr. Roosevelt casts an inquiring glance at him. He once was a democrat, but as that party failed to recognize in him the genius he claimed to possess and would not let him be a leader, he watched, and after dangling as a mugwump for some time fell bodily into the republican pool in Baltimore, which everybody knows is a dirty one. Though professing great independence Mr. Bonaparte is so subordinate to Mr. Roosevelt that he sees in a cloud the shape of a camel, a weasel, or a whale, as the President suggests.

THE Central Trades and Labor Union of St. Louis has refused to indorse a resolution by the pattern makers' organization attacking President Roosevelt for his terming "undesirable citizens" Moyer and Haywood, officers of the Western Federation of Miners, charged with complicity in the murder of former Gov. Steunenberg. Members of the union declare that no matter what they may think of Mr. Roosevelt, they must, as good citizens, respect the office of Chief Magistrate of this republic. Fortunately the majority of working men have no sympathy with a rabid minority which respect neither the individual nor the position he fills, and the action of the St. Louis organization will be commended by the larger number of mechanics and working men generally throughout the country.

THE sinking of a pier in Baltimore is a mystery which requires very thorough investigation. Ten thousand piles sixty feet long and driven deeply into the bottom of the harbor ought to have carried all the weight that was being put upon them, but they didn't. As there had been warnings of disaster for a month, the loss of any lives was a piece of criminal carelessness on the part of the men having charge of the work.

MEAT PACKERS claim to have found a new preservative which affects meat as borax does, but which can nevertheless be used without violating the punctuation and capitalization of the pure food law. It is used in the form of a gas, and in view of the effect its discovery will have upon those who use it, it will probably be known to the trade as laughing gas, unless the dentists protest.

THE BELIEF is said to be growing in Washington that Mr. Roosevelt is using the Taft boom to hide his own candidacy for renomination. This belief has been held by many outside of Washington for many moons.

From Washington.

[Correspondence of the Alexandria Gazette.]

Secretary of State Root is, it is believed, preparing to resign from the Cabinet. Just when he will retire is not known. Probably he has not even set the exact date himself but that the end of his term of office is a question of only a few months is regarded in official circles as reasonably certain. For the last six weeks the Secretary has been gradually divesting himself of the cares of office, pushing Assistant Secretary Bacon forward in his place. He left the recently concluded negotiations for peace in Central America almost entirely in the charge of Bacon, only occasionally offering advice or suggestion. Heretofore it has always been the custom for the Secretary of State, when in town, personally to receive the foreign ambassadors and ministers at the diplomatic receptions on Thursdays of each week. Recently Mr. Root has had Mr. Bacon present at these functions, so that he could become familiar with the questions brought up by each of the diplomats. The official explanation offered is that Mr. Root is preparing to spend a long vacation this summer at his Utica, N. Y., home and is anxious that he should be disturbed as little as possible by business. There are other indications, however, which lead to the belief that the Secretary's retirement may become permanent in the near future. The personal relations between the President and Mr. Root, it is noticed, are not as intimate as they used to be. Whereas they formerly took daily horseback rides together, now Mr Root rides alone and the President has others in this company. In the Cabinet meeting it is stated that Secretaries Taft and Cortelyou are now the President's closest advisers. The estrangement, if such it be, is believed to date from the time when the President first advocated the nomination of Taft as his successor. Prior to that, Root had every reason to expect that he would receive the Roosevelt influence, and it was a great disappointment to him to see the big man pressed forward as the administration candidate. Then, too, it is understood, Mr. Root has not been in sympathy with the President's attack on Odell and Wadsworth in New York.

Third term sentiment was very pronounced in the vicinity of the White House today. The President can have a walkover for the election, his visitors [illegible] in chorus: if he wont take it Secretary Taft [illegible] probability secure the nomination and stand a fine chance of winning as the personal representative of the President and the man most in sympathy with his ideals. "If the President will only run he can be nominated and elected," said Representative Woodyard, of West Virginia. "If he wont run Secretary Taft will be the choice of my State." "If the President will run he'll get all the votes of his own party and those of a great many democrats," said U. S. Marshal Frank H. Tyree, of West Virginia. "I've been told by a good many prominent democrats that they'll vote for Roosevelt if he is nominated, no matter who is the candidate on the democratic ticket. I find the Roosevelt third term sentiment very strong all along the Ohio border and throughout the northern part of Kentucky. A. J. Miller, of Bellefonte, an Ohio politician, believes the President will not run and that Mr. Taft will be the nominee. He also believes that the primaries that are to decide the supremacy of either Taft or Foraker, will demonstrate the Secretary of War's popularity.

United States Minister Fox at Ecuador has telegraphed the State Department regarding the election riots that have taken place in that country to the effect that the President of the the republic has been given authority to declare martial law and to increase the army to its war strength. He further says that a large number of civilian employees are resigning their positions, indicating the disturbed condition of the country.

Neither the State Department nor the Mexican Embassy has any confirmation today of the reports that mobs in Guatemala City have been stoning the American and Mexican consulates. That there has been some kind of trouble is regarded as certain. The cause seems to have been a demand by Mexico upon Guatemala for the extradition of Gen. Jose Lima who has been charged with having instigated the recent murder in Mexico City of Gen. Barillas. Gen. Lima is said to be the right-hand man of President Cabrera, of Guatemala, and as such popular with the people. Gen. Barillas, who was shot on a street car at the Mexican capital, was perhaps the most prominent of Guatemalan exiles and was regarded as the most formidable prospective opponent to President Cabrera's administration and his most likely successor. The two men who were arrested as Barillas's assassins implicated Gen. Lima in the plot and the Mexican government has demanded that he should be required to face his accusers. Apparently the Guatemalan people have resented their demand and have been making demonstrations to prevent their government from acceding to it. There is no extradition treaty between Mexico and Guatemala and if there was the case of Gen. Lima would hardly come within its scope. Mexico, however, it is said, insists that unless Gen. Lima is surrended to confront his accusers diplomatic relations between the two countries will be suspended.

Further details of the bond robbery of the Trust Company of America, learned today in New York, show that the total value of securities taken by W. O. Douglass, the assistant bond clerk, and hypothecated by Oliver M. Dennett and others supposed to have been in the scheme, was nearer $800,000 than $500,000. Of this amount $300,000, not $20,000, as at first stated, were found in the possession of Dennett at the Manhattan Club.

He was later taken to his home in Baltimore.

Arthur Rutter, marshal of New Boston, a suburb of Portsmouth, Ohio, was shot and instantly killed last night by a man whom he was about to arrest. The murderer escaped. Nellie Maple, of New Boston, had received an anonymous and offensive letter suggesting that she meet the writer. She was to tie a string on the gatepost if she desired a meeting. Marshal Rutter planned to catch the writer of the letter by carrying out his suggestion. The man appeared at the appointed time and as the marshal stepped up to him the letter-writer drew a revolver and fired, the bullet taking effect in Rutter's head.

Her new husband is the same age.

The thief was taken before a Norfolk police justice, who gave him a sentence of 90 days in jail. The fact was brought out that he was not a waiter on the boat or a member of the crew of the Columbia, but was a tramp, who had concealed himself on thesteamer with robbery as his object.

TWO-CENT RATE.

The State Corporation Commission on Saturday evening made public its decision in the passenger-rate matter, announcing that on the 10 principal roads operating through the State a flat two-cent passenger rate would be effective, beginning July 1. The order makes an exception as to certain small branch lines of the Southern Railway, on which a rate of 2½ cents maximum may be charged. A three cent schedule is promulgated as to certaid roads, and a rate of 3½ cents is prescribed for another class of roads.

It is generally believed that the big roads will appeal to the Court of Appeals.

Following are the railroads which are grouped into class A by the commission, and which are to place on sale passenger tickets at the maximum rate of two cents a mile, but no ticket is to be sold for a less sum than ten cents: The Norfolk and Western, the Chesapeake and Ohio, the Atlantic Coast Line, the Seaboard Air Line, the Southern, the Richmond, Fredericksburg and Potomac, the Washington Southern, the New York, Philadelphia and Norfolk, the Virginia and Southwestern and the Louisville and Nashville.

The following roads are allowed a maximum rate of 2½ cents a mile; Norfolk division of the Southern Railway, from Norfolk to Danville, 204 miles; Franklin branch, from Franklin Junction to Rocky Mount, 37 miles; Claremont branch, from James River Junction to Claremont, 50 miles.

The following roads are in class B, and are allowed to charge a maximum fare of 3 cents a mile: The Chesapeake Western, the Cumberland Valley and Martinsburg, the Danville and Western, the Indian Creek and Pound River, the Marion and Rye Valley, the Nelson and Albemarle, the Va-Pay Railway, the Virginia-Carolina Railway, the Winchester and Potomac, the Winchester and Strasburg and the Norfolk and Southern.

The commission prescribes a three and a half cent fare, maximum, for the following roads: The Big Sandy and Cumberland, the Black Mountain Railway, the Interstate Railway, the Lake Creek and Lake Erie, the Mount Airy and Eastern, the New River, Holston and Western, the Potomac, Fredericksburg and Piedmont, the Surry, Sussex and Southhampton, the Tidewater and Western, the Virginia Anthracite Coal and Iron Railway, the Virginia and Kentucky and the Wise Terminal Company.

In the freight rate cases the commission holds that the railroads should operate under a uniform classification as to an interstate traffic, and places them under what is known as Virginia Classification No. 1.

From the opinion handed down it would seem that the commission is not disposed to make indiscriminate reductions in freight rates for the mere purpose of reduction, but to produce uniformity as far as possible, and to wipe out discriminations, inconsistencies and conditions which are unfriendly or hostile to Virginia trade. In short for the time being at least, the commission thinks that the matter of freight facilities is superior in importance to the matter of freight rates.

The great bulk of the reduction in revenue is in passenger rates, and the intimation contained in the opinion is that the passenger rates are best able to bear this. Moreover, it is thought that a reduction in passenger rates, affects the general public more than a reduction in freight rates, and that the masses will profit more by the first mentioned cut in prices.

Labor Leaders Arrested.

Driver Held.

Philadelphia, April, 29.—Held by the police to await the result of injuries to little Alexander Peppo, whom he accidently ran over and probably fatally hurt, and with his wife dead, killed by the shock of his arrest, Anthony Hess is the most forlorn of all prisoners in the hands of the police today. The accident to the child happened Saturday. Last night officers called at Hess's home to arrest him. Mrs. Hess who was about to become a mother, was overcome by the shock. She fell to the floor fainting and died without recovering consciousness.

Deafness Cannot Be Cured

by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed Deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever; nine cases out of ten are caused by Catarrh, which is nothing but an inflamed condition of the mucous surfaces.

We will give One Hundred Dollars for any case of Deafness (caused by catarrh) that cannot be cured by Hall's Catarrh Cure. Send for circulars, free.

Today's Telegraphic News

Announced His Candidacy.

[Special Dispatch to the Alexandria Gazette.]

Richmond, Va., April 29.—Richard Evelyin Byrd today announced his candidacy for speaker of the next House of Delegates. It is understood that Mr. Caton, of Alexandria, will retire in Mr. Byrds favor.

James Henry Smith's Will.

San Francisco, April 29—Mrs. James Henry Smith, widow of "Silent Smith" will receive $50,000,000 from his estate, according to a will made upon their wedding day and which is believed by her to be his last testament. Mrs. Smith, who arrived here on the steamship Siberia, from Japan, where Smith died, is almost a physical wreck and on the voyage was attended night and day by her maids and the Duchess of Manchester. The Duke of Manchester acted as the spokesman of the party today and said he wished to make it plain that Smith died of pneumonia.

It was given out that the wedding day will was the only one of which Mrs. Smith had any knowledge. It is said that it differs in many respects from the will said to be in possession of Lady Cooper in which Mrs. Smith is said to be left only $5,000,000 All members of the party, however, assert positively that there will be no discussion of the estate until after the funeral in New York and that Mrs. Smith will confer with Lady Cooper before any decision as to a contest will be reached. The party was met here by Eugene Zimmerman, of Cincinnati, father of the Duchess of Manchester, and will leave for the East tonight in Mr. Zimmerman's private car. The body of Smith will be conveyed in a special car attached to the same train.

Watterson on Roosevelt.

Louisville, Ky., April 29.—Henry Watterson says in the Courier-Journal today: "Mr. Roosevelt has broken all the records. Taylor, Fillmore, Johnson and Arthur long ago paled their ineffectual fires before him. He is a law unto himself. Nothing seems to faze him. Doing wrong things outright or good things in the wrong way, backing and filling as the cause requires, making issues of veracity with the proof against him, choleric in method, cynical in action, by turns a daring temporizer and rash assailant, a practical politician among the most practical politicians, a reformer among purists inconsistent as a conservative, illogical as a radical, there still exists in the popular mind a fixed belief in his good intentions, his integrity and his courage. His enemies would agree that, if you offered him a bribe, he would knock you down. The good in bad men, the bad in good men, are sometimes magnified and sometimes denied; but here is a man who gets credit for good and bad alike, and there is nothing so successful as success. Yet nevertheless and notwithstanding, the President is going to find Jordan a hard road to travel. There may be one more victory for the republicans in 1908, as there was for the democrats in 1856. But it will have to be gained by a change of riders and a straddle, for the talk about a third term is the purest nonsense."

Alleged King of the Black Hand

New York, April 29.—"The King of the Black Hand" has at last been run to earth, according is detective Petrosini, head of the Italian bureau. Pietro Hamphinelli, a fruit dealer arrested today, is the man on whom Petrosini has destowed this title. Pamphinelli the officer declares, has been the brains of the secred society operating here which has levied black mail on scores of Italians and kidnapped many children, holding them for ransom. Pamphinelli was taken after a hard fight and when hauled off to a cell, still struggled and made many threats against his captors. With him was arrested his wife, who gave the name of Rosina Martinez. She was identified by little Salvator Saitti, the youngster recently kidnapped, as the woman who took care of him for several days. Pamphinelli is an educated man and the police believe he was the writer of most of the black hand letters which have come under their observation. Petrosini declares he will have positive evidence to connect Pamphinelli with numerous black hand crimes and he thinks this arrest will go far toward breaking up the organization.

Stoning U. S. and Mexican Consulates.

San Salvador, April 29.—Dispatches received today apparently confirm the first report of the stoning of the United States and Mexican consulates in Guatemala City. Details of the mobbing are beginning to come through. It is stated a mob of several hundred men and boys, incited by friends of President Cabrera, participated in the riots. Rocks were hurled through the windows of the consulates, it is stated, and mud was thrown on the walls. All sorts of insulting cries against the two governments represented were shouted by the rioters. So far as known nobody was injured during the demonstration. That the outbreak will lead to somewhat serious results seems certain. Mexico is reported to already have started men for Guatemala. Another report says that Mexican Minister Ganboa has withdrawn from Guatemala City. The trouble is supposed to be the result of messages exchanged by Mexico and Guatemala relative to the recent assassination of Manuel Barillas in Mexico City.

The Postmaster General.

Milton, Mass., April 29.—Nobody believes the report that Postmaster General Geo. L. von Meyer is about to resign less than Mr. Meyer himself. It was for this purpose and to examine the New York office, he said, that he left Washington. When he was asked about the rumor of his resignation, he replied: "That is absolutely untrue. As I said, I came to New York on departmental business and am to be in Boston for the same reason."

LETTER TO SAMUEL H. LUNT,
Alexandria, Virginia.

Dear Sir: They're glad they found out Devoe.

Corpus Christi, Texas, is right on the Gulf and one of the hardest climates for paint; hot sun, salt air and strong winds.

The Sidbury Building, painted Devoe in 1899, is a shining example of perfect paint snow-white after 7 years, as if painted last week.

We should like every property-owner from Maine to Mexico to see that white white white.

Habeas Corpus Proceedings.

Chicago, April 29.—Judge Smith today, at the instance of the prisoner's lawyers, issued a writ of habeas corpus, returnable Wednesday, for "Eddie" Tate, the gentleman burglar, arrested Saturday. Tate's supposed robbery of the safe of the Peoria Board of Education, to get evidence against former Banker Newton C. Dougherty for the purpose of destroying it to enable Dougherty's friends to procure a pardon, is the charge of the Peoria authorities against him. State's Attorney Scholes, of Peoria, has decided to forego prosecution of Tate and to leave him to the Chicago authorities. Tate is on parole under an indeterminate sentence which may be extended to 14 years. Tate refused to discuss the report that he had an appointment to meet a Peoria banker who was to give him $5,000 with which to leave the country.

The Haywood Case.

Boise, Idaho, April 29.—There is every indication that the defense in the Haywood case, when the trial opens on May 9, will move for a change of venue on the ground of prejudice. Neither Attorneys C. S. Darrow nor J. F. Nugent would discuss the plans of the defense in any particular today, saying that they were not settled and would not be until after consultation with E. F. Richardson, chief counsel. The defense's attorneys make no secret of the fact that they have men in their employ in every precinct of the county for the purpose of polling the residents to learn what the sentiment is generally concerning the coming trials. They have reported that they have gained information that prejudice does exist and that they have affidavits to present to that effect.

Decision in Rebate Cases.

St. Paul, Minn., April 20.—Judge W. B. Sanborn, of the U. S. Circuit Court of Appeals, today filed his decision in the case of the United States against Armour & Co.; Swift & Co.; Cudahy & Co., and Nelson Morris & Co., familiarly known as the rebate cases. The decision is against the packers and affirms the decision of the District Court of the western district of Missouri. The packers were charged with accepting concessions of twelve cents per hundred pounds from the established rate on through freight from Kansas City for foreign ports. The decision will form the basis for future action against alleged rebaters until the Supreme Court reviews the case.

Murder and Suicide.

Philadelphia, April 29.—An old world romance, begun two years ago in a little Russian village, came to a sudden and tragic end here today, when Alexis Frank shot and killed Maria Carias, and then ended his own life, with a revolver. When Frank fell in love with the girl (and she said she loved him) in Russia, he swore a mighty oath that she should marry no other. But Maria's love cooled, and, fearing her hot-headed admirer, she left her home and eventually sailed for America. Frank followed as soon as he could, and spent months seeking her after he arrived here. Today they met on the street and in less than two minutes later both were dead.

Result of a Boys' Fight.

New Orleans, April 29.—As a result of a school celebration yesterday at Vicksburg parish, say dispatches received here today, two prominent farmers of that neighborhood are dead, two more mortally wounded and two others seriously wounded. The trouble resulted from a fight between two boys. W. H. Sayes stopped the fight. One of them a son of Truman Clark, told his father that Sayes had slapped him. Clark knocked the peacemaker down, and his brother-in-law, S. T. Hannon, joined in the fight and stabbed the fallen man several times. In spite of loss of blood Sayes managed to get to his feet and fired his pistol four times. Each bullet brought down a man. One killed Henry Clark, a brother of his assailant, another C. D. Chevelér, a looker on, while the remaining two mortally wounded Truman Clark, and young McGann. Having exhausted his shots. Sayes, then beat Hannon with the butt of his pistol, seriously injuring him.

The Russian Douma.

St. Petersburg, April 29.—The Douma met in secret session today and a prolonged sitting resulted at which it is understood several matters of pending legislation were thoroughly discussed. Through a union of the Polish deputies with the "cadets" the passage of a bill to authorize the Minister of War to summon recruits is assured. This measure will provide for the summoning of 463,000. A majority for the bill has been secured by the alliance between the parties and it is expected to go through shortly.

Death of Mrs. Lewis.

Mrs. Julia Lewis, widow of Frank M. Lewis, died at her home, "Rosemount," Prince William county, yesterday at seven a. m., in the 79th year of her age. Six children survive her—William, Joseph, Ashby, Charles, Sallie and Molly; she also leaves thirteen grandchildren and one brother, Mr. E. Higgs, of Herndon. Mrs. Lewis was a true friend, a kind neighbor and a humble and devout Christian. The hospitality extended by her was proverbial. Her funeral will take place tomorrow afternoon at two o'clock. The interment will be in the family plot at "Rosemount."

No Divorce.

A petition for absolute divorce of Nannie R. Shelly against Col. William C. Shelly was dismissed by Judge Barley in the circuit court for Alexandria county on Saturday afternoon. The court directed the complainant to pay the costs of the case. The petitioner charged her husband with cruelty and infidelity. Some time after the suit was filed, Mrs. Shelly asked for alimony, pending the decision of the court, but this was refused, when it was shown Col. Shelley was providing for his wife and family. In his opinion, Judge Barley said that the charges of the bill had not been sustained by the evidence, and ascribes them to a disturbed mental condition.

The Ministerial Association.

This morning the ministers of the city met in the study of the M. E. Church South, on Washington street, for the election of officers for the ensuing year. Rev. Joseph R. Sevier, pastor of the Second Presbyterian Church; Rev. W. W. Van Arsdale, of the Trinity M. E. Church, and Rev. G. I. Humphreys, of the M. P. Church, were welcomed as members of the association. Rev. Edgar Carpenter was unanimously elected president and Rev. G. I. Humphreys, secretary. A committee was appointed to revise the constitution and to provide for regular monthly meetings for the discussion of practical and theoretical subjects.

Second Presbyterian Church.

Rev. J. Gray McAllister, D. D., president of Hampden-Sidney College, preached at the morning services in the Second Presbyterian Church yesterday. At the evening service Rev. Joseph R. Sevier, the pastor, began a series of lectures on great men of the Bible. His address last night was from the first and second chapters of Genesis. A large congregation was in attendance. These lectures will be continued at the night services.

Charged with Assault.

Conductor Weaver of the electric railway early last night caused the arrest of three Alexandrians, alleging that they assaulted him on a train which left Washington for this city about 6 o'clock yesterday evening. The trouble is said to have originated in a dispute over the payment of fares.

The case was called in the Police Court this morning and continued until tomorrow morning.

Incendiary Fire.

Two small frame houses on north Lee street were found to be on fire about 1 o'clock yesterday morning. The blaze was discovered by Policemen Henderson and Jones, who extinguished it before much damage was done. The fire had been started in a narrow alley between the houses and it is said that there was a strong odor of kerosene where the fire had been started.

Funeral.

The funeral of the late Andrew Ford, who died last Thursday afternoon, took place yesterday from the residence of the deceased, 302 Queen street. Rev. Dr. W. F. Fisher, of the First Baptist Church, officiated, and the interment was made in the Methodist Protestant cemetery.

Music will be furnished by an orchestra, under the direction of Prof. Carlton A. Padgett. Solos will be rendered by Mrs. Montier, Mr. Forrest Birrell, Mr. William Thornton and Mr. Emmett Kelly. Little Caroline West will render a recitation. Besides those mentioned above, Misses Ida Breen, Katharine Birrell and Marie Fannon, and Messrs. Harry B. Quinn, H. Linden Wheatley, Jas. W. Pettey, R. The Hopkins Case.

The suit of George D. Hopkins against the Washington, Alexandria and Mount Vernon Electric Railway Company to recover damages in the sum of $5,000, because, it is alleged, he was ejected from a car of the defendant company April 18, 1906, came up in the Circuit Court for the county today. Judge Harrison of the seventeenth judicial district is presiding owing to the fact that Judge Barley will be a witness. The suit grows out of the refusal of a railway conductor to accept from Mr. Hopkins a Columbian half dollar as legal tender. Mr. Hopkins is represented by Col. F. S. Smith and Mr. Edmund Burke, and the railway company by Mr. R. Walton Moore and Mr. J. R. Caton.

Increased Receipts.

The receipts of fish at Fishtown are steadily increasing and prices have declined considerably since last week. Shad were quoted this morning at from $20 to $30 per hundred and herring at $4 per thousand. It was thought, however, that these prices would not rule long, as an increased demand was anticipated. Shad were retailing in market this morning at 50 cents for roe and 25 cents for buck. Alexandria gillerr report satisfactory results during the past few days, some having caught as many as one hundred during the night.

Believe Judge Loving Made a Mistake.

That Judge Loving, who killed young Theodore Estes at Oak Ridge, Nelson county, made a terrible mistake as a result of too hasty action, is the prevalent opinion of sober minded men in Nelson county. Judge Loving and his daughter have remained in their own home since Monday last, but that the judge is fully aware that his position is not so secure as it might be is indicated by the fact that he has employed "Jack" Lee, of Lynchburg, a noted criminal lawyer to defend him. It is rumored that the relatives of Estes will request that the bail be increased. Judge Bennett T. Gordon will have to pass upon this request. It is also reported that Judge Loving will go before Judge Gordon one day this week and request that his bail be reduced.

TO ALEXANDRIANS.

The City Council and Chamber of Commerce have both endorsed the proposed historical and industrial sketch of Alexandria to be used at the Jamestown Exposition and subscribed for 6,000 copies of the book and 7,000 more have been already suscribed for by the merchants of the city and the publication of the issue of 20,000 is assured. The writer desires to thank the Council and Chamber of Commerce and the liberal merchants who have assisted in carrying out his suggestion to thus have Alexandria represented at the Ter Centennial of the landing at Jamestown.

To get the book out promptly it will take hard work, and I desire to ask all our citizens knowing any matter of historic interest in connection with the city to kindly furnish me data at once. Only brief mention can be made but it is desirable that everything of interest in connection with Alexandria be presented in this book which I hope to make an up to-date and a reliable sketch of historic Alexandria.

In regard to the industrial interests, I will appreciate very highly if the manufacturers and merchants of this city will send (in strict confidence) an approximate statement of the business they have done in the last twelve months, together with the number of hands employed, manufactures produced and wages paid, or anything else that will aid in showing what Alexandria is doing in a material way. Such information will be considered strictly confidential and used in a general way only, the figures to be aggregated.

To defray the expense of the book which will be something in the neighborhood of $2,000 it is proposed to illustrate about 90 or 30 pages with engravings of factories, mercantile houses and residences. There will be no charge for such illustrations but the party sending in the illustration will be expected to subscribe to a certain number of books as following: One fourth page 100 copies, one-half page 200 copies, and one whole page 400 copies at the wholesale price of 12½c per copy and if the entire 30 pages are taken it will about defray the expenses of getting up the first edition of 20,000 copies when supplemented by the appropriation made by the Council and Chamber of Commerce. I am please to add that a few days canvass has succeeded in securing about one half of the space required to defray this expense and that the remaining space is at this writing limited to less than 15 pages, therefore I trust that parties desiring to have factories, places of business and residences illustrated in the first edition of Historical Alexandria will communicate with me by mail to 308 King street or by 'phone No. 99.

Hoping that the book may by your assistance be made or great benefit to our old city, I remain, Respectfully,

ALEX. J. WEDDERBURN.

No Operation

Mrs. Malinda Akers, of Basham, Va,, writes: "I had what doctors call 'prolapse,' and couldn't stand straight. I had pain in my back and shoulders, and was very irregular and profuse. Doctors said an operation was needed, but I couldn't bear the thought of the knife. After taking three bottles of Wine of Cardui, I could walk around. Can now do my housework and am in splendid health."

Cardui is a pure, vegetable, medicinal essence, especially adapted to cure women's diseases. It relieves excessive periodical pains, regulates irregularities, and is a safe, pleasant and reliable remedy for all sick women. In successful use for over 70 years. Try it.

Volcano Causes Anxiety.

A dispatch from Stromboli, Italy, reports that the volcano has developed sudden activity. About 9:30 o'clock yesterday morning there was a tremendous report, which had the effect of breaking all the windows in the vicinity. This was followed by a hail of cinders and stones, to the great terror of the inhabitants. Immediately afterward streams of lava began to flow down the east side of the mountain, completely destroying the vineyards in their path. Several peasants who were at work on the slopes of Stromboli at the time are missing and it is feared they were overtaken by lava and killed

The volcano of Stromboli is on the island of that name, one of the Lipari group, just north of Sicily. It has been active at various times, often causing great destruction.

Frequent slight shocks of earthquake were felt in Calabria yesterday. The populace of southern Italy, especially in Calabria, is fearful lest there be a repetition of the earthquake disaster of 1905.

Does Coffee disagree with you? Probably it does! Then try Dr. Shoop's Health Coffee. "Health Coffee" is a clever combination of parched cereals and nuts. Not a grain of real Coffee, remember, in Dr. Shoop's Health Coffee, yet its flavor and taste matches closely old Java and Mocha Coffee. If your stomach, heart, or kidneys can't stand Coffee drinking, try Health Coffee. It is wholesome, nourishing, and satisfying. It's nice even for the youngest child. Sold by E. S. Leadbeater & Sons, druggists.

Steamer Abandoned at Sea.

The British steamer Sagami, from New York April 12 for Rotterdam, arrived at Falmouth, Eng., yesterday and landed the crew of the British tank steamer Lucifer, bound from New York for Dublin, which was abandoned at sea. Members of the crew of the Lucifer say it was discovered April 8 that the vessel's stokehold was filling with water. The pumps were manned, but the water gained until it reached the fires, which were extinguished. The steamer then drifted helplessly. Her captain ordered all the boats stocked with provisions for 12 days and made ready for instant use. A keen lookout was kept, and, three days later, the crew was relieved to see the lights of two passing vessels. Their distress signals, however, were not seen, and a part of the cargo was jettisoned to lighten the vessel and keep her afloat, though it was evident she could not survive much longer. Finally, after a week, the Sagami was sighted, and the crew was safely transferred. Shortly after this the Lucifer foundered.

Out of Sight.

"Out of sight, out of mind," is an old saying which applies with special force to a sore, burn or wound that's been treated with Bucklin's Arnica Salve. It's out of sight, out of mind and out of existence. Piles too and chilblains disappear under its healing influence. Guaranteed by E. S. Leadbeater & Sons, Druggists. 25c.

FOR OVER SIXTY YEARS.

AN OLD AND WELL-TRIED REMEDY.—Mrs. Winslow's Soothing Syrup has been used for over sixty years by millions of mothers for their children while teething with perfect success. It soothes the child, softens the gums, allays all pain, cures wind colic and is the best remedy for Diarrhœa. Is pleasant to the taste. Sold by druggists in every part of the world. Twenty-five cents a bottle. Its value is incalculable. Be sure and ask for Mrs. Winslow's Soothing Syrup and take no other kind.

Guaranteed under the food and drugs act, June 30th, 1906. Serial number 1098.

TO THE DEMOCRATIC VOTERS OF THE EIGHTH CONGRESSIONAL DISTRICT OF VIRGINIA:
